INTERIOR WALL PAINT PRODUCT SYSTEM

01.INORGANIC PAINT

Breathable, durable, and non-combustible. Suitable for public buildings and high-standard interior spaces.

02.LOW-ODOR LATEX PAINT

Low odor, easy to apply, and fine in film texture. Suitable for residential spaces and daily renovation.

03.ANTIBACTERIAL LATEX PAINT

Antibacterial and mildew-resistant, scrub-resistant, and suitable for humid spaces and areas with high usage frequency.

04.ART PAINT

Rich in color and diverse in texture. Suitable for feature walls and high-end decorative spaces.

05.TEXTURE PAINT

Three-dimensional texture and strong decorative expression. Suitable for feature walls and commercial spaces.

06.MICROCEMENT

Seamless texture with a modern minimalist finish. Suitable for integrated wall and floor design.
